

Product Upgrade

Upgrade Effective:
March 2017

Rexnord 1500 Series MatTop Dynamic Nose-over Bar

Upgraded Rexnord 1500 Series MatTop Dynamic Nose-over Bar

Rexnord 1500 Series MatTop Dynamic Nose-over Bar Upgrade

What is changing and when?

Rexnord now offers a new version of our dynamic nose-over bar for our Rexnord® 1500 Series MatTop® Chain with a 85mm width slots for positrack. It is available to order and ship as of March 2017.

Are the products compatible?

Thanks to the modular concept it can be assembled together with other 85 and 170 mm versions to match chain widths.

When is this change occurring?

The product upgrade will be available as of March 2017.

Does this affect the product warranty?

The warranty will remain the same.

Does this upgrade affect price and delivery?

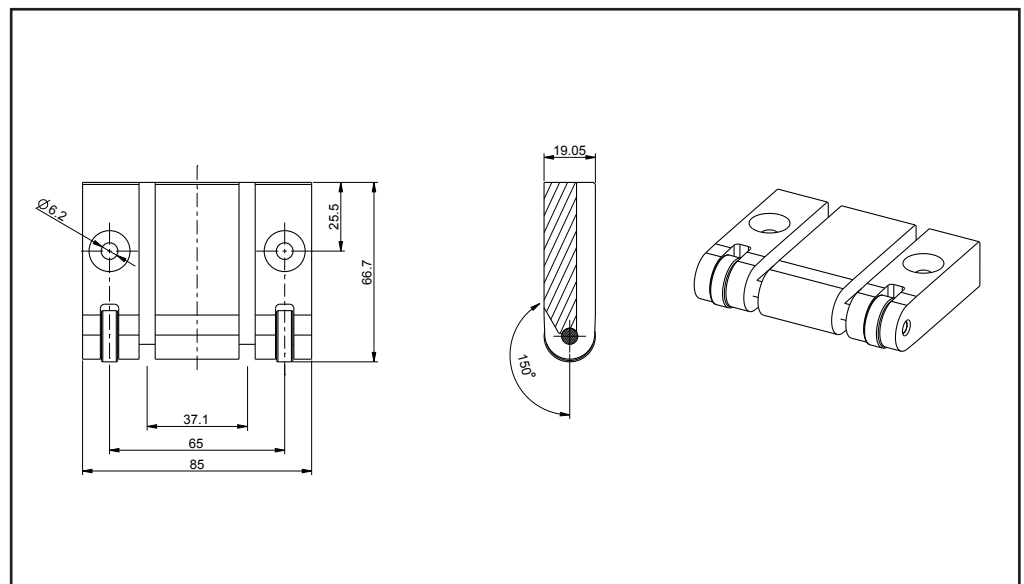

A new price will be created for the version L85 mm for Positrack which is consistent with the rest of the range.

Will there be a change in item description and code number?

A new code number has been created for the upgraded parts. See table below.

New Part Numbers

Part Number	Overall Length	Description
10603961	85 mm	Nose Over Dyn 905 L85MM M6 PT
